Hi Mike and Eron,

EPA Portland Harbor RPMs, our manager, the EPA contracting officer, and someone from the EPA lab (7 EPA people) are planning to visit the Portland Harbor Site on June 16<sup>th</sup>. The group would really appreciate being able to observe any field work that happens to be occurring that day. Are you expecting to be conducting field work during that time, and if so, would it work to observe for around 20 minutes or so?

Thank you,

Madi Novak, Remedial Project Manager
